

Year 5 Newsletter

Copthorne Primary School

November 2016

What we will be learning about this term in Maths and English.

In **English** lessons this term, children will be writing their own newspaper reports based on the book *Friend or Foe* by Michael Morpurgo. Children will explore the features of a newspaper text to gain a deeper understanding of the linguistic effects on the reader.

During **Mathematics** this term, children will be extending their knowledge of the four mathematical operations. We will be using methods **such as** short division. Please ask your children about the methods they are using in mathematics and continue practising these at home.

Please ensure your children are using their

mental maths skills effectively in everyday contexts *e.g. calculating money when shopping, telling the time and finding the differences in timetables, converting units of measurement when cooking or travelling.*

In year Five, it is expected that your child knows the **multiplication and division facts up to 12**. Please encourage your child to practise and say these regularly and out loud in full-

for example: $8 \times 7 = 56$ and $56 \div 7 = 8$

Also, ask your child what their **Curricular Targets** are in Maths and English as **they need to know!**

If you have any questions, please do not hesitate to get in touch.

Thank you,

Mrs Shah and Mr Pearson

Year 5 Teachers

In **Copthorne Curriculum** we will be continuing with our topic, '**Age of Empires**'. The children will look at the famous Greek warrior, Alexander The Great and his conquests throughout the world. We will also look at the Kalash people (said to be the descendants of Alexander's army) who live in the Northern areas of Pakistan.

In **Religious Education** the topic this term is 'Symbols' where children will be looking at religious symbols and what they represent. We will be discussing the importance of respect and empathy within religions and relating this to our everyday lives.

In **SEAL** our theme for this half term is '**Relationships**' where we will focus on how we get along with each other and what attributes we need to be a good friend, student and person. Children will discuss a weekly ethos statement in class and suggest ways in which we can act upon them in and out of school.

As a class, we will also be aiming to achieve an '**Investors in Pupils**' class target which, if met, can result in a class reward. We will also be working together to suggest ways in which we can achieve our own personal Investors In Pupils target.

In Year 5 it is expected that children access '**Mathletics**' at home frequently, ideally a few times a week for a minimum of **20 minutes**. We will be regularly updating activities for your child to complete and this will allow your child to 'Play Live'.

Remember there's always a possibility you could be one of the top 10 world Mathletes and earn your position on the leader board, for all the other countries to see. **If your child does not have their username and password, their class teacher will reissue it.**

Homework and Raving Readers

Please ensure that you are encouraging your child to read their **Raving Readers** book at home every day for a minimum of 20 minutes and then ask them questions about what they have read. Also, please encourage your child to complete their **homework** in a peaceful environment and to bring it into school on time. Homework is given **every Thursday** to be completed and returned to school by the following **Monday**. If your child does not understand their homework, they can talk through it with their teacher on the Friday.

School Uniform

We want our children to look smart and ready to learn so please could you ensure your child has the correct uniform for class time and P.E.

Trainers are only to be worn for outdoor P.E. and pumps for indoor P.E.

Black shoes should be worn the rest of the time.
